Unit-Dose Nasal Spray Device
Model: SH2501

NEXTECH™

Revolutionize Nasal Care with Guaranteed Accuracy & Hygiene

Experience Unmatched Precision & Convenience:

- ▶ Guaranteed Single Dose: One press = one exact, pre-measured dose. Eliminates guesswork, reduces waste, ensures consistency.
- ▶ Ultimate Hygiene: Sealed, single-use technology guarantees sterility and potency.
- ▶ Ready Instantly: No priming required – press and deliver medication.
- ▶ Always Ready, On-the-Go: Compact, pocket-sized design for relief anytime, anywhere.
- ▶ Effortless for All: Ergonomic grip and gentle spray ideal for children, seniors, and every user.

Why Choose SH2501?

Stop Wasted Medication: Precision delivery targets nasal passages – not the throat. Eliminate drips, leaks, and inconsistent dosing.

- ▶ Accelerate Your Product Launch: Comprehensive support package includes:
  - Validation / Clinical / Commercial Samples
  - Complete Design History File (DHF)
  - ICH-Compliant Stability Data
- ▶ Custom Brand Integration: Tailor colors and appearance to your brand identity.

Applicable Reference Medications

(for targeted nasal delivery)

- **Rhinitis Agents:** Allergic & non-allergic formulations
- **Migraine Abortive Therapies**: e.g., Triptans (Sumatriptan)
- **Epilepsy Rescue Medications:** Benzodiazepine nasal formulations
- **Systemic Analgesics:** Nasally administered opioids/NSAIDs
